Mission of Hope is following the vision of life transformation through Jesus Christ for every man, woman, and child, across the island.

**ONE ISLAND.
ONE MISSION.**

*Brad Johnson
President*

For over 25 years, God has been transforming lives through Mission of Hope. Children are receiving daily, nutritious meals. Students are receiving a quality, Christ-centered education. Pastors are being encouraged and equipped to reach their communities. The sick and injured are receiving life-changing medical care. Lives and communities are being transformed through the gospel of Jesus Christ. We believe nations can be changed—one life at a time—through people like you who say “yes” to helping those in need.

God has equipped each of us uniquely to contribute to His great mission of transforming lives all over the world. In this report, you will learn about the significant needs in Haiti and the Dominican Republic and the even greater hope that we have the opportunity to offer. Mission of Hope is following the vision of life transformation through Jesus Christ for every man, woman, and child, across the island. One island. One mission.

As you read through these pages, will you pray and ask God how He wants you to be a part of it? Together we can help bring the hope of Christ to the most vulnerable. We look forward to working together this year—and in the years to come.

Till not one is left,

Brad Johnson
President
Mission of Hope

TRANSFORMING LIVES

As an organization following Jesus Christ, Mission of Hope exists to bring life transformation to every man, woman, and child. With campuses across Haiti and the Dominican Republic, we partner with local churches to transform lives through church advancement, nutrition, education, and medical care.

CHURCH ADVANCEMENT

Local churches are at the center of everything we do. You can help empower local pastors and strengthen local churches to transform their communities and their nation.

UNITING HEARTS AND MINISTRIES

HAITI AND THE DOMINICAN REPUBLIC

At the end of a recent training session with pastors, two of our staff members stood in the back of the room and witnessed a moment take place between two pastors. David, a Haitian pastor, approached Jose, a Dominican pastor, who was quietly sitting at the back of the room. Pastor David walked up to Pastor Jose and invited him to speak at his church.

This was not just a regular invitation between two pastors. This was a cross-cultural invitation. ***While the news is filled with headlines of the tensions between the countries of Haiti and the Dominican Republic, this was a reminder that God writes a different story—a better story.***

This invitation was a testament to the years of sewing seeds in ministry, intentionally bringing together pastors, churches, and leaders and displaying a Gospel-centered unity that transcends countries, races, socioeconomic status, and borders.

What makes this story even more extraordinary is the response it elicited. Without hesitation, Pastor Jose's wife, Mrs. Cristal, answered with a resounding "Yes!" Pastor Jose smiled ear-to-ear, nodding his head in agreement with his wife. Their response beautifully displayed the heart of oneness between two differing countries with a shared unity in Jesus. The passage in Ephesians 2:14-18 discusses how Christ came to break down the dividing wall of hostility, reconciling the Jews and the Gentiles. Thousands of years later, Christ is doing the same thing between cultures.

In a world where political tensions often dominate headlines and divide nations, the harmony and unity being fostered within these churches are a living testament to God's work here. It is a tangible reminder that, despite external differences and conflicts, God is working through His church.

When you partner with Mission of Hope, your support enables us to continue empowering pastors like Jose and David, facilitating transformative training programs, and fostering the kind of unity that transcends borders and brings communities together.

NUTRITION

The hunger crisis in Haiti has grown dire in recent years due to compounding issues, including economic instability, gang control, and natural disasters. The quality nutrition we are able to provide is quite literally the only meal many children receive for the day. Good nutrition is the foundation for healthy bodies and minds. By providing access to a continuum of resources from education to meals to sustainability, Mission of Hope is committed to meeting this basic need and combating malnutrition and starvation.

FUEL FOR DREAMS

HAITI

Recent reports from 2023 indicate that a staggering 8 million people in Haiti are currently facing food insecurity, accounting for over 75% of the nation’s population. Mission of Hope has been tirelessly working to combat this crisis through nutrition partnerships and a reliable distribution network, ensuring that food reaches those in dire need.

This is Géliamisé, she is a mom and grandma in Haiti. Tragically, her grandson was left with her when he was just a baby, and she’s raised him since the day he was left with her years ago. After raising three children of her own, now having the added responsibility of caring for another child was one she wasn’t expecting, but she sacrificially stepped in to care for him. Her grandson attends a school in the Mission of Hope network,

so he receives a nutritious meal every day at school. She said she is so thankful for school because her grandson is developing into the man he is destined to be. Géliamisé shared, **“When the children have received balanced meals, they are happy and have the strength to play.”**

School is so much more than a classroom. It’s loving teachers. It’s a Christ-centered curriculum. It’s nourishing meals. It’s the fuel for dreams. It’s the foundation for transforming a nation.

There are so many moms and grandmas like Géliamisé, praying for provision, hoping for just one more meal for their children.

Then Jesus declared, “I am the bread of life. Whoever comes to me will never go hungry, and whoever believes in me will never be thirsty.”

John 6:35

EDUCATION

The most powerful way to change a nation is by starting with a quality, Christ-centered education. Investing in students’ academic and spiritual growth develops leaders that bring hope for the future.

MADAME FLORE-ANNE

HAITI

Flore-Anne Jean, also known as Madame Flore, is the Mission of Hope Education Superintendent in Haiti. She is full of passion, drive, and commitment to seeing children in her country have the opportunity to receive a quality, Christ-centered education. Madame Flore also works closely with our Women’s Empowerment team in Haiti. Every time we talk with her, she shares another story about the impact the ministry has on young girls, moms, and women in Haiti. This past year, Madame Flore and her team worked tirelessly to provide education for students. From navigating security issues to hand delivering school assignments to figuring out communication to rural schools in the mountains—they refuse to give up because they know the future leaders of Haiti are in these classrooms.

Enjoy learning more about Madame Flore’s story:

It took me seven years of study at university to get where I am today—an Education Superintendent. I completed secondary school in my hometown at Camp-Perrin, and it was hard to leave my family, my brother, and my sister, to come to Port-au-Prince for university since I had never been away from home before. I had some financial obstacles, especially when getting my Master’s Degree in Education, but I worked very hard and used almost all of my salary just to pay for my schooling. The hardest part of my job is when our team works to have a plan for the school year, but then a political or health situation ruins the plan! The best part of my job is contributing to the education of the children of my country.

MEDICAL CARE

By meeting the medical needs of those who are sick, people experience relief and hope in the midst of their pain. Physical healing often opens the door for spiritual conversations and is vital to the holistic life transformation taking place at Mission of Hope.

MOBILE MEDICAL CLINICS

DOMINICAN REPUBLIC

In the Dominican Republic, many Haitians are terrified to go to a local hospital for fear of how they'll be treated. The mobile medical clinics Mission of Hope is able to facilitate are the only medical care many people have received in several years. These clinics have provided local pastors a way to invite the hurting in their communities to see their needs tangibly met, while also opening up faith conversations and the opportunity to pray with members of their community. Many children in under-served areas, both Haitian and Dominican, have never seen a doctor or dentist before they were seen at a mobile medical clinic.

An integral part of medical care at Mission of Hope is partnering with medical professionals from around the world who serve on HopeGo mission trips and use their gifts to serve others.

A mom recently shared about how impactful a recent Mobile Clinic was for her and her daughter in the Dominican Republic.

Thank God today I heard about the mobile clinic where I can bring my daughter to a safe place to get medical attention. This is a great positive impact for community members, especially for the people who do not have money to go to a hospital. I want to say thank you to everyone who makes programs like mobile clinics possible for the community. May God bless you all.

DISASTER RESPONSE

Mission of Hope has been one of the first to step in and meet needs during times of disaster, from earthquakes, hurricane, flooding, and the long-term damage these disasters cause for the most vulnerable. Our partner network makes for efficient and effective distribution, alongside the local church, to get critical aid to those who need it most.

HIGUEY DOMINICAN REPUBLIC

When a hurricane hit the Dominican Republic and caused widespread damage on the eastern side of the island, Mission of Hope responded quickly and, through rapid assessments, determined hundreds of families in the community of Higüey were in need of aid to help them rebuild during that difficult time. In coordination with the local government, local churches, pastors, businesses, and organizations, Mission of Hope distributed food, hygiene kits, tarps, and clothing donations to those who were hit hardest and in the most vulnerable situations.

Some specific ways we saw God at work:

- Local government accepted a disaster response proposal and provided support with security and labor
- Agreed to distribute through local pastors
- Pastors we work with in Santiago, and their congregations donated, volunteered, and stepped in to serve their neighbors who were hit
- Local businesses jumped in to donate, serve, and support local churches

I have told you these things, so that in me you may have peace. In this world you will have trouble. But take heart! I have overcome the world.

TEAM HOPE

ABOUT

Team Hope is a team of people committed to meeting the most critical needs. It's a community who believes that we can do more good—for more people—if we work together, until the lives of every man, woman, and child are transformed.

4.9 Million

In a food
insecurity crisis¹

1.8 Million

In a state of
food emergency¹

THE NEED

Right now the most critical need in Haiti is food. Due to rising inflation, political instability, and the devaluation of the Haitian gourde, **Almost half of the population in Haiti is in a food insecurity crisis.** Now food is more expensive, and their money is worth less. One mother told us it feels like her bread is shrinking.

Although we serve over 125,000 meals to students in our nutrition program every day, there are over **80,000 kids on our waiting list at the start of 2024** who are also in desperate need.

We believe the current reality in Haiti doesn't have to be this way.

It only costs about \$10/month to provide one hot, nutritious meal every day.

For many, this will be the only meal they have. Whether you can provide meals for one child or 1,000, you'll be making a real difference in real people's lives.

SPONSORSHIP

STUDENT

\$39/MONTH or \$468/YEAR

Give a student in Haiti a quality, Christ-centered education.

Sponsorship Provides

- Christ-centered curriculum
- Daily, nutritious meal
- Teacher training
- School-specific improvement initiatives

VILLAGE OF HOPE

\$50/MONTH or \$600/YEAR

The Village of Hope is Mission of Hope's orphanage; our kids are raised in a Christ-centered, family environment where they can grow and thrive.

Sponsorship Provides:

- School and tutoring
- Three balanced meals per day
- Housing, utilities, maintenance, and security
- Personal care and hygiene
- Discipleship and mentoring
- Transportation
- Extra-curricular activities

GRACE HOUSE

\$50/MONTH or \$600/YEAR

The Grace House is an assisted living facility built to address the need for elderly care in Haiti.

Sponsorship Provides:

- A safe, clean place to live
- Three meals a day
- End of life medical care
- Full-time on-site caregivers
- Daily activities
- Funeral and burial expenses

MISSION TRIPS

Step out of your comfort zone, experience a different culture, and encounter God like never before. On a HopeGo trip, you will serve alongside local churches and leaders to help meet the needs of the people in their communities. We take care of the logistics for you, including ground transportation, meals, lodging, and more, so you can focus on ministry and the needs of your team.

HOPEGO DESTINATIONS

HAITI

DOMINICAN
REPUBLIC

GROUPS AND INDIVIDUALS

Why should you join us on a trip?

- We empower and serve alongside the local church
- Medical, general, construction, and family serving opportunities
- Environment for spiritual growth and and life transformation
- Variety of projects to partner in- kid's club, sports camp, painting, water filters, and more!

MEDICAL

Why join our medical mission trips?

- Bring medical care to communities via a mobile medical clinic
- Build relationships with patients you treat
- Meet physical and spiritual needs
- Serve four full days on medical clinics
- Use your skills to help people in need

MEAL PACKING

We partner with businesses, churches, and schools around North America to organize and host meal packing events so that we can provide food for children at nearly 500 schools and orphanages across Haiti.

When you fill a gym, church hall, or sports arena with busy tables, the output is jaw-dropping and life-saving. Every meal pack event is a lively, community-building experience. As a volunteer, you'll work side-by-side with friends, family, coworkers, or other like-minded people to package meals. We welcome volunteers of all ages and backgrounds.

HOW IT WORKS

Choose Event
Date and
Location

Set Meal
Packing Goal
(20,000 meal
minimum)

Raise Funds
for Meals
(35c / meal)

Provide
Volunteers
for the Event

Mission of Hope partners with several meal packing organizations. These organizations procure the bulk food, transport food to your event, provide all packing equipment, and secure shipping to Haiti. In most situations, the host is responsible to raise funds, recruit volunteers, reserve event location, and provide tables and extension cords.

GET INVOLVED

PRAY

Pray that God provides for every man, woman, and child in need and that each will be transformed by a personal relationship with Jesus Christ. As we meet people's physical needs, this creates an openness to the gospel so that God can meet their spiritual needs. Your prayers are powerful and effective as God works in their lives and in their hearts.

GIVE

Your generosity will help reach more people and meet the greatest needs in the countries in which we serve. Over 90% of every dollar given goes to support program activities in the countries we serve. All of our programs are carefully and consistently monitored to ensure maximum impact for the people of Haiti, the Dominican Republic, and throughout the Caribbean.

Visit missionofhope.com to learn about the many ways you can transform a life .

GO

Step out of your comfort zone, experience a different culture, and encounter God like never before. On a HopeGo trip, you will serve alongside local churches and leaders to help meet the needs of the people in their communities. Help share the hope of Jesus as we work together to bring life transformation to every man, woman, and child.
