To the Management and Board of Directors

Mission of Hope Haiti, Inc.

Austin, Texas

We have audited the accompanying financial statements of Mission of Hope Haiti, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2021, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Mission of Hope Haiti, Inc. as of June 30, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Note 1 - Nature of Business and Significant Accounting Policies

#### Nature of Activities

Mission of Hope Haiti, Inc. (the Organization), is a not for profit, faith-based corporation organized under Internal Revenue Code Section 501(c)(3) in the State of Ohio on May 23, 2001. The Vision of the Organization is to bring life transformation to every man, woman, and child in Haiti by following Jesus Christ. The Organization fulfills this Vision by executing on the following core initiatives: church advancement, educational development, health care, orphan care, and the HaitiOne network. The Organization operates in Haiti as Foundation Mission de l'Espoir, a registered Non-Government Organization in Haiti. The Organization has been classified as a publicly supported organization that is not a private foundation under Section 509(a) of the Code. The donor base of Mission of Hope Haiti, Inc. consists primarily of residents of the United States of America and Canada.

### **Basis of Accounting**

The accounts of the Organization are maintained, and the accompanying financial statements have been prepared on the accrual basis of accounting. Accordingly, revenues are recognized when earned and expenses are recorded when the obligation is incurred.

### Financial Statement Presentation

The accompanying financial statements have been prepared in accordance with the reporting principles of not-for-profit accounting as defined by current accounting standards for general-purpose external financial statements of not-for-profit organizations.

The accompanying financial statements have been prepared to focus on the Organization as a whole and to present balances and transactions according to the existence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified as follows:

<u>Without Donor Restrictions</u> – Net assets not subject to donor-imposed restrictions. Such assets are available for any purpose consistent with the Organization's mission.

<u>With Donor Restrictions</u> – Net assets subject to specific, donor-imposed restrictions. Some donor restrictions are temporary in nature; those restrictions must be met by actions of the Organization and/or the passage of time. Such assets normally fund specific expenditures of a specific operating or capital nature. Other net assets are subject to donor-imposed restrictions requiring they be maintained permanently by the Organization. Such assets are normally restricted to long-term investments with income earned and appreciation available for specific or general Organization purposes. The Organization had no permanently restricted net assets as of June 30, 2021.

#### Liquidity

Assets are presented in the accompanying statement of financial position according to their nearness of conversion to cash, and liabilities according to the nearness of their maturity and resulting use of cash.

#### Contributions

All donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

### Note 1 - Nature of Business and Significant Accounting Policies (Continued)

### Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in net assets without donor restrictions if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized. Short-term investments consist of debt securities with original maturities of twelve months or less. Long-term investments consist of debt securities with original maturities greater than twelve months.

### Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all highly liquid investments with insignificant interest rate risk purchased with a maturity of three months or less to be cash equivalents. In the normal course of business, the Organization may maintain cash held at financial institutions in excess of the FDIC limit of \$250,000. As of the balance sheet date, the Organization had \$2,668,961 of cash not insured by the FDIC.

### Promises to Give

Contributions are recognized when the donor makes a promise to give to the Organization that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

The Organization uses the allowance method to determine uncollectible promises receivable. The allowance is based on prior years' experience and management's analysis of specific promises made.

### Functional Allocation of Expenses

The costs of providing various programs and supporting services of Mission of Hope Haiti, Inc. are allocated based on the best estimates of management. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Expenses that can be identified with a specific program or that relate to a specific source of revenue are allocated directly to that program. All expenses are allocated based on time and effort.

#### Inventory

Inventories at year-end consist of gifts-in-kind (GIK) that have not been distributed or used in the operations of the organization as of the end of the fiscal year. The value of the remaining inventory is based on the estimated fair value as of the date of the donation as disclosed in the GIK note. Inventory consists of food and supplies valued at \$3,140,154 as of June 30, 2021.

### Note 1 - Nature of Business and Significant Accounting Policies (Continued)

#### **Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### **Property and Equipment**

Property and equipment are carried at cost or, if donated, at the approximate fair value at the date of donation. Such donations are reported as unrestricted support unless the donor has restricted the donated asset for a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as support with donor restrictions. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service or purchased and reclassifies net assets with donor restrictions to net assets without donor restrictions at that time.

Property and equipment are depreciated using the straight-line method calculated over the estimated useful lives of three through forty years. All acquisitions of property and equipment in excess of \$5,000 and all expenditures for repairs, maintenance, renewals, and betterments that materially prolong the useful lives of the assets are capitalized. The cost of maintenance and repairs that do not materially prolong the useful lives of assets is charged to expense as incurred

### Contributed Services and Gift-in-Kind Goods Donated

Contributed services meeting the requirement for recognition in the financial statements are recorded at the fair market value of professional services rendered. In addition, many individuals volunteer their time and perform a variety of tasks that assist the Organization with programs and fundraising activities; however, no amounts have been reflected in the financial statements as these services do not meet the requirement for recognition. The Organization received approximately 46,000 volunteer hours for the year ended June 30, 2021.

Gifts-in-Kind (GIK) Received: The organization received GIK donations of food, clothing and medication for use in programs that support its mission and vision. Such gifts are recorded at estimated fair value on the date of donation based on the quantities donated, their condition and utility for use, by using wholesale pricing guides and sources. During the year ended June 30, 2021, donated goods were recorded totaling \$16,792,963. These gifts were predominately contributed by other non-profit corporations and private donors.

### **Income Tax**

The Internal Revenue Service has determined that the Organization is a nonprofit Church that is exempt from income taxes under the provisions of Internal Revenue Code Section 501(c)(3). Accordingly, no provision for income taxes has been made in these financial statements. The Organization follows the income tax standard for uncertain tax positions. The Organization evaluated its tax positions and determined it has no uncertain tax positions as of June 30, 2021.

### Note 2 - Concentrations

Total	\$	2,854,413

### Note 8 – Paycheck Protection Program Loan

On February 25,2021, the Organization received loan proceeds in the amount of \$579,315 under the Paycheck Protection Program (the PPP) which was established as part of the Coronavirus Aid, Relief and Economic Security Act (CARES Act). The loan and accrued interest are forgivable as long as the borrower uses the proceeds for eligible purposes, including payroll, benefits, rent, and utilities. The Organization believes that all proceeds will be used on qualifying expenses. However, if there is an unforgiven portion of the PPP loan it will be payable over two years at an interest rate of 1%, with a deferral of payments for the first six months.
